In the Field of Taxation (VAT)

Problem: VAT was paid by private sector before collecting the payment from public sector (case of private contractor with employers)

council's Decision: amendment of the value added tax rule that consider:

- Public employers are obliged to the VAT
- In the case of public employer, tax fines are overruled

- 
- ICCIMA has suggested the following subjects to be examined by the government and a think tank body of both sides is working on it:
 - Decreasing the number of Regulations
 - Reduction of Government involvement in Pricing
 - Promoting Privatization
 - Tarriff and Trades toward WTO rules and regulations by applying regional exercises
